and many more...

“Thank you, sir. The DPN notes were very comprehensive and useful. I used it to supplement my newspaper knowledge. It really helped in dealing with the current affairs portion of the prelim’s exam, since you compile it from so many sources. **Would recommend students to maintain their own digital notes using that source.**

After I didn’t clear first prelims, I joined your mains master notes which helped me identify key areas for note making.

Thank you, sir, for your relentless effort in updating these notes. They’re helpful for the aspirants.”

Congratulation Ishita on your Grand Success!

I have been following Sir's work from the past couple of years and then itself I made up my mind to follow Sir for UPSC CSE Prelims. Sir's approach is entirely different and so comprehensive. The quality of questions in tests are beyond comparison. His personal guidance and motivation has helped me follow the routine that started back in June 2023. I just want to thank Sir for always walking the extra mile and doing all the amazing work that he does. Thank You Sir!

The first instant I knew about Santosh sir was when he uploaded a video on elimination strategy which I never used to believe making my marks less. His sessions were enlightening and eye opening with real time PYQs unlike many other institutes which gives armchair opinions and remarks. Such a blessing :)

As always optimize won't disappoint me...i got fully enrolled in 2021 for 2022 .After attempting famous institutes test in my previous attempts with not much improvement in my exams,but in my attempt of after enrolling with optimize really felt the jump in my scores with confident in 2022. Santhosh sir dedication towards stuentis is phenominal Enrolling a test series in other institutes is completely differ from OPTIMIZE bcz optimize has edge over others such as DAILY TARGET COMPREHENSIVE APPRAOCH IN SUBJECTS, STRATEGIES, ELIMINATION TEC, SESSIONS FOR UPSC TRENDING TOPICS SUCH AS IR,AGRI,MAPPING QUESTION pattern to latest one. my best knowledge compliance with optimize will definitely make impact on exam.
